

REPORT OF CME SURGICAL UPDATE 2010

The department of surgery conducted a CME on surgical update on 28th and 29th march. The CME was well attended. Hon Vice Chancellor Dr S H Pawar, along with Dean RSCM government medical college, Dr R M Powar, Dean D Y Patil Medical College Dr R N Kadam, inaugurated the CME. Dr Abhay Chougale welcomed the dignitaries. Dr R M Kulkarni elaborated the concept of this CME. Since this CME was dedicated to late Dr H R Tata, Dr P G Chougule Prof and HOD dept of surgery KIMS karad briefly made an eulogy to him.

The academic event started with a session on hernia and moved on to more complex subspecialties which included plastic surgery, paediatric surgery, neurosurgery along with laproscopic surgery and allied surgical specialities like radiotherapy, pathology, radiology and blood banking . This two day event saw lecturer by faculties from, Belgaum, Hubli, Karad, Kolhapur, Bijapur. Along with these speakers subject experts (peers) were invited to clear the doubts in the minds of the students. The second day included guest lectures and the afternoon session included a session on case presentation where students presented cases in front of the panel of faculty. This was in the form of mock examination for the exam going students with active participation from all the delegates.

The event was attended and participated by delegates from both the medical colleges in Kolhapur, from KIMS Karad, KLE Belgaum KIMS Hubli and govt medical college Miraj BLDE Medical college, Bijapur, few DNB students. Intern, and students of 8th and 9th term also attended this CME. In addition post graduate students from other department like pathology, anaesthesia and orthopaedics also attended.

The students thoroughly enjoyed these brain storming sessions and highly appreciated the event.

It was unanimously decided by the students as well as faculty members from all the attending medical colleges to hold such events atleast once in six months where all the faculty and the students will come together and share their knowledge, for knowledge increases only by sharing.
